THE  
**WEST COAST**  
FISHING CLUB

## WELCOME TO THE OUTPOST

The Outpost is The West Coast Fishing Club's most distinctive facility. At The Outpost, our guests have the opportunity to enjoy both a rewarding fishing adventure, and a rare wilderness experience.

The Outpost is located at Port Louis on the north west coast of Graham Island, the most northerly of the two largest Queen Charlottes, a short heli-hop from The Clubhouse and North Island Lodge. The lodge itself sits secluded in Riddall Cove, the island's most natural harbour.

The Outpost lies in the midst of a proposed ecological preserve, which means it will remain isolated, pristine wilderness forever, with nothing but flora, fauna and fish for 25 miles. Few of us ever have the opportunity to visit such undisturbed surroundings.

*"Another world  
just minutes from  
Langara Island"*

### LUXURIOUS SUITES WITH OCEAN VIEWS

The Outpost is spacious and comfortable in keeping with the Club's tradition. The building is designed for its wilderness setting with features and facilities that reflect the environment.

The Outpost accommodates up to 16 guests. The main lodge has 6 rooms with ensuite facilities, and two luxury suites with fireplaces and jacuzzi tubs. The suites have magnificent ocean views. Rooms at The Outpost are suitable for single or double accommodation.

The main lounge features all the comforts of home; overstuffed chairs, large fireplace, pool table and satellite communications plus many others you may not have thought of. Dining at The Outpost meets the same high standards of taste and variety that The Clubhouse and North Island guests have come to expect and anticipate.

### A WILDERNESS SANCTUARY

Deer, elk and bear roam the ecological sanctuary that surrounds The Outpost, but sightings of humans are rare. Guests can walk to spectacular beaches, or have a private helicopter airlift them to a remote, virgin stretch of sand for extreme beachcombing or a secluded picnic. For those who wish to leisurely explore the coastline, sea kayaking will take you to a paradise of undiscovered bays and coves.

*"facilities in harmony  
with the wilderness  
setting"*

### EXCEPTIONAL FISHING

The Outpost is nestled between Tian Rock and Hippa Island; two renowned fishing areas. Here the seabed drops sharply creating deep holes that hold bait and keep the migrating salmon in the feeding grounds for extended periods.

## THE FLEET & EQUIPMENT

A fleet of 22' guided Boston Whalers is available at all times, equipped with 200 HP Mercury outboards, VHF radios, depth sounders, fish finders and electric downriggers. Guests are outfitted with all-weather, ocean class survival suits, graphite rods, Islander reels and halibut gear.

Sea Kayaks are available for exploring the coastline close-up and at a more reflective pace. Our inflatable zodiac also lies ready to whisk you away to a lunch on shore or a beachcombing adventure.
