1. MAXIMIZE YOUR FISHING TIME

North Island Lodge is a floating lodge located just five minutes from some of the best fishing spots. Not only that but your boat is just steps from the breakfast table. Just suit up and be on your way!

2. SUPERB FOOD – AND LOTS OF IT

The legacy of The Club's inaugural executive chef, Walter Pelliccia, lives on at North Island Lodge. Chef Luke Mussato and his team adhere to Walter's Italian inspired traditions, with delicious, comforting meals that feature large family-style platters of side dishes and carefully selected wine pairings. You'll never go hungry.

Catch up on the latest news and sports with our large satellite TV in our bar area. Enjoy the excitement of the dock from the upstairs lounge as you watch your friends roll in and weigh their day's catch.

5. WILDLIFE VIEWING!

Killer whales (Orcas) and Humpbacks frequently cruise through the pass directly beside the lodge and can occasionally be seen from the dining room or the upstairs lounge. Crafty river otters commonly patrol the dock hoping for scrumptious fish scraps from guides at the cleaning table.
